

1990 COUNTY BLOCK MAP (RECREATED): DALE County

Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.
1 A small dot placed inside a boundary indicates that the place is also a false MCD;
2 In 1990, the crews-of-vessels population of ships at sea was allocated to coastal counties. This map shows a very small area symbolized as a census tract with the census tract number shown near the area.
3 A * following a block number indicates that the block number is repeated elsewhere in the block.
